

## The Market Centre - Crewe's Premier Shopping Centre.

The Market Centre is a place where you can go for all of your shopping needs. Smart and stylish the centre is based in the heart of Crewe, with easy access to the rail & road networks and a large car park with nearly 300 spaces placed at the rear of the complex.

The shopping centre has a large array of shops from big corporations like River Island, Game and Specsavers to smaller independent businesses like Walmsley Furniture Store. Meaning that if you are after a bizarre list like a frozen pizza, a necklace and a book you can find it all here! A recent survey has announced that Crewe is the 2nd largest concentration of convenience shopping in Cheshire with only Chester having better facilities.

The Market Centre was developed in 1998, giving Crewe a welcome boost in employment and quality of shops. It has since become the main hub of town life and although the place is mainly for shopping, groups and charities are provided space to raise awareness. The area is very popular when it comes to property to rent in Crewe, so if you are interested in the area it is probably best to enquire as soon as possible.

In recent years the Market Centre car parks have been awarded the Park Mark award meaning that specialized assessors have noticed that work is being done to reduce/stop crime in the area. Just like the rest of the country the Market Centre is now a non-smoking area, signs are displayed at all entrances and people who do smoke inside now get escorted from the premises.

So lets go over the main reasons why you should visit the Market Centre, Crewe's premier shopping centre.

- Kind and friendly staff, willing to help.
- Car park in close proximity.
- Fresh and clean environment.
- Large variety of shops to cater for every shopper's needs.
- Car parking area verified with Park Mark award.
